

Earth Observation for Sustainable Development

## Stakeholder and capacity building workshop

13 March 2019, 09:00-16:30

Nairobi, Kenya

---

### Highlights:

- Learn how **EO data can support climate resilient development**
- Discover more about accessing **free Copernicus data**, which offers both high quality and high resolution
- Presentation of the **E04SD Climate Resilience products** incl. how to interpret and use them
- **Training session: E04SD Climate Resilience platform** incl. downloading data, visualising it, and creating data plots

**Contact E04SD Climate Resilience coordinator Carlos Doménech for more information: [cdomenech@gmv.com](mailto:cdomenech@gmv.com)**
